Turkey's accession negotiations continue with the European Union even as debate rages within the EU about Turkey's chances of becoming an EU member. Many within Turkish policy circles also debate the dynamics and direction of Turkey's foreign policy and the role of the EU in this regard. Join Minister Bagis for a first-hand view from Turkey about the prospects for Turkey's EU membership, the status of the negotiations, and how quickly-changing events in Turkey's neighborhood may change the nature of the debate on all sides.
